## Senox's Delivery Service Saves You Time & Money

*Have you ever thought, "What a pain it is to have to drive over to my supplier to pick up materials?" Did you know Senox Corporation offers local four-hour delivery service to your shop or job site, if you prefer? No other supplier offers you this kind of service! But consider this, having to pick up your materials costs you money as well.*

### Example:

*A typical V-8 pickup averages about 12 miles/gallon. With an average fuel price of \$2.00/gallon, that's \$0.17 per mile just in fuel. A crew hanging 1000 ft./day at \$3.25/ft. produces \$3,250/day gross revenue. That's \$406.25/hour (8 hour day). If you had to send a crew on a 40-mile round trip to your supplier that took an hour-and-a-half on a daily basis, here's what you stand to lose:*

	<i>Per Day</i>	<i>Per Week</i>	<i>Per Month</i>	<i>Per Year</i>
<b>Lost Money in Fuel</b>	<b>40 x \$0.17 = \$6.80</b>	<b>\$6.80 x 5 = \$34.00</b>	<b>\$6.80 x 21 = \$142.80</b>	<b>\$6.80 x 240 = \$1,632.00</b>
<b>Lost Money in Productive Time</b>	<b>1.5 x \$406.25 = \$609.38</b>	<b>\$609.38 x 5 = \$3,046.90</b>	<b>\$609.38 x 21 = \$12,796.98</b>	<b>\$609.38 x 240 = \$146,251.20</b>
<b>Total</b>	<b>\$616.18</b>	<b>\$3,080.90</b>	<b>\$12,939.78</b>	<b>\$147,883.20</b>

*Now, let's turn that around. By using Senox's unique delivery service, that's nearly \$150,000 more revenue you can generate in a year's time. What a difference! Good service is not just a goal at Senox, it's a core part of our business philosophy. That's why we are ready, willing and able to go that extra mile to serve our customers. Make sure you remember, Senox is your choice for a supplier that will help you make money!*
